then.

SPEAKER BAACK: Thank you, Senator Chambers. You've heard the closing on the Chambers amendment. The house is under call. All members, report to the Chamber and check in, please. Any objection? No, go ahead. Okay, we're looking for Senator Bernard-Stevens, Kristensen and Lynch. Senators Kristensen and Lynch. Senator Lynch...Senator Kristensen is the only one we're waiting for. All members are now present. We will proceed to vote on the amendment offered by Senator Chambers. All those in favor vote aye, opposed vote no. Record, Mr. Clerk.

CLERK: 30 ayes, 0 nays, Mr. President, to adopt Senator Chambers' amendment.

SPEAKER BAACK: The amendment is adopted. Mr. Clerk, items for the record.

CLERK: Mr. President, new resolution, LR 421 by Senator Wesely. (Read brief description of LR 421 as found on pages 1776-77 of the Legislative Journal.) A request by Senator Dierks to unbracket LB 111.

SPEAKER BAACK: No objection, so ordered.

CLERK: And Senator Robak would like to add her name to LR 329 as cointroducer. Mr. President, I have a priority motion and that motion is by Senator Will. Senator Will would move to adjourn until nine o'clock tomorrow morning, April 1, 1992.

SPEAKER BAACK: Before I proceed to vote on the motion, I would like to at least bring to people's attention I'm not a person that gives lectures about what time we have left and stuff and so I don't call them lectures, I call them reality checks. I think you should...the reality of the situation is we have a lot of...a lot of bills out there yet. We still have about 22 senator priority bills that we're still looking at trying to get through and if you will note the memorandum that I sent around earlier today, we...by next Tuesday night we have to be off of General File and by next Thursday night we have to be off of Select File. So I would encourage people that if it's at all possible to work out some of these things off of the floor so that we don't have to take up so much time, I know Senator Chambers doesn't agree with that, but that's okay. But I would encourage that to happen. We do have a lot of work to do yet.
